

Apply to be a JC today

"Diller has been a life-changing experience! Beyond **forging connections with new friends** from around the globe, **understanding how diverse the Jewish community is, and exploring your own Jewish identity**, Diller teaches teens skills that are applicable on an everyday basis. Public speaking, time management, leadership skills, and budgeting are just a few talents that this amazing program fosters in young leaders! **My time in this program will stay with me forever.**"

-Sarah, K, Montreal Cohort 11, Cohort 13 Staff

Are you interested in becoming a Junior Counselor? Check out the details of this amazing opportunity below!

- The Junior Counselor platform is an opportunity to assist and partner with the local Coordinator to inspire and empower Fellows as individuals and as a group. The goals of the JC program are:
- To be an involved participant in the educational process
- Empower the Fellows as individuals and a group
- Facilitate learning based on personal experience
- Establish interpersonal connections
- Set a personal example as a leader and a young adult
- Encourage a sense of belonging to a global youth network (through personal example)
- Encourage a sense of responsibility to the local community, Israel and the Jewish People (through personal example)

As a JC, you will work closely with your Coordinator, Co-JC, Student Intern, Fellows, Partnership staff, International Diller Teen Fellows staff, and the global circle of JCs.

Applicants should be entering their first year of Cegep and be graduates from the Diller Teen Fellows program with a desire and motivation to continue in their personal growth and professional development. You should have the ability to mentor and teach others, connect with people on a personal level and collaborate with team members as well as live in the greater Montreal area.
